Combo Solution

Whitening

☑ RECOMMENDED FOR

ACTIVE INGREDIENTS

DESCRIPTION

Treatment for pigmentation is recommended with the Whitening combo solution. The active components diminish melanin synthesis and cause a gentle exfoliation in the top layers of skin to remove pigmented cells. They promote cell regeneration, combat free radicals, enhance skin smoothness, and lessen the visibility of blemishes, giving the skin a more radiant appearance.

TREATMENT AREA

Face and body.

Combo Solution

Restructuring

DESCRIPTION

Crafted as an intensive revitalizing and hydrating solution, the Restructuring Combo Solution is tailor-made for tired and damaged skin. Enriched with potent active ingredients, it imparts elasticity and effectively targets wrinkles, sagging, and expression lines delivering comprehensive treatment for these

Eye Contour

DESCRIPTION

SKINDERMA's Eye Contour combo solution features potent active ingredients specially designed to enhance firmness, boost hydration, and diminish wrinkles in the delicate eye area. It serves as an ideal choice for optimizing the outcomes of microneedling collagen induction therapy.

TREATMENT AREA Around eyes.

☑ RECOMMENDED FOR

ACTIVE INGREDIENTS

Dark circles, eye contour, eye bags, skin firming.

Neutralizing Spray

DESCRIPTION

During the chemical peel process the skin pH changes temporarily from slightly acidic to very acidic. As the chemical peel damages your skin in a controlled manner, it will produce a superficial wound designed to expose softer, smoother and more radiant skin. Our SPRAY NEUTRALIZER will control the depth of any peel and stop frosting, should it occur.

TREATMENT AREA

Face.
